Defender of researched information and advocate for academics

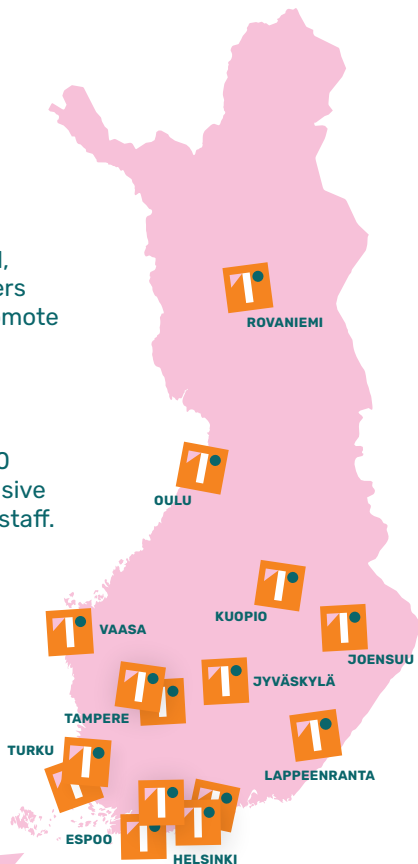

A leading defender of researched information in Finland, the Finnish Union of University Researchers and Teachers (FUURT) promotes research and academic work. We promote our members' interests in working life and defend the preconditions of high-standard academic work and higher education in our country.

FUURT includes 15 member associations with over 7,000 members. The members are also supported by an extensive network of shop stewards as well as the Union's expert staff.

Membership benefits include:

- Acatiimi magazine
- Active representation in working life and in science and higher education policy
- Akava's Member+ benefits
- Career services and training
- Danske Bank benefits
- Diverse local activities in the member associations
- Extensive counselling services, including legal counselling
- Legal protection benefit
- Leisure-time travel and accident insurance
- Unemployment security
